Once again, Zamperla is eagerly anticipating the IAAPA Attractions Expo, the annual conference and tradeshow of the International Association of Amusement Parks and Attractions. This year, the show—the largest international event in the industry—is being held November 17-20 in Las Vegas.

Of course, participating at the annual show is always exciting. Every year Zamperla is thrilled to come together with the thousands of park representatives and amusement engineers, who gather from around the world to meet, mingle, be inspired, and perhaps even win some awards.

After all, it's IAAPA's mission to promote safe operations, global development, professional growth, and commercial success of the amusement parks and attractions industry. And as a committee, IAAPA recognizes outstanding innovation across categories. So the competition and camaraderie is as thrilling as the attractions themselves! But no matter what your industry involvement, you're invited to join in the once-a-year excitement, and check out Zamperla's coming attractions.
